The Pierce Chieftain

Our High Quality Leadership Team

The Pierce family has always held the belief that the quality of its camp operation lies in direct proportion to the quality of its staff!

Our top priority for over 90 years has been to attract, train and retain the absolute best staff possible.

Staffing at Pierce remains priority number one! We look at it as a year round talent search.

It all starts with our top administrators, our

“Supervisors”.

This talented, dedicated and highly experienced group provide Pierce with a level of professionalism unmatched in all of camping.

“We like to call it *surround sound*” states Doug Pierce... We like to think that we are in every window and behind every tree!

“I realize that we are a bit top heavy” states Doug, but I want to ensure that I have layered our camp

operation from top to bottom and back again with leadership that is consistent and ever-present!

“The Supervisory staff here at Pierce is an outstanding group of parents, coaches, teachers and administrators that absolutely thrive in the camp environment” states Doug.

Combined, they represent over 400 years working at Pierce! A truly remarkable statistic that offers us great pride and real confidence.
